

National Certified Counselors, Licensed Professional Counselors, Licensed Mental Health Counselors, and Licensed Clinical Professional Counselors:

This program has been approved by the National Board for Certified Counselors (NBCC). Most state counselor credentialing boards will accept NBCC-approved events for continuing education purposes. Yet, there are numerous state licensing agencies and they frequently make changes to their rules and regulations surrounding license renewal and CEU acceptance. **Participants are responsible for contacting their state licensing boards and inquiring if they will accept courses offered by a CEU provider that has been pre-approved by the NBCC.**

Licensed Social Workers:

This program is approved by the National Association of Social Workers (Provider #886586917-9690) for clinical social work continuing education contact hours. The National Association of Social Workers Continuing Education Program (also known as NASW CE Approval Program) is currently approved by 45 state licensure boards. 38 of those boards endorse the NASW CE Approval program without restrictions. **Participants are responsible for following their states' rules and regulations regarding licensure and earning continuing education credit.**
